Films in Poems – Something one Remembers on Computers or Radio From time to Time
By Shomit Sirohi

For Althusser – to depress him against philosophy this time. But something around it.

Complex articulations, of venns, even what one calls Spinoza, just play it out as progressive insights in this black and white Pasolini-ism.

I. A Venn Poem on Films – Many Logics on Paintings and in fact on Inventions, even on Greek Cloth, or Logics of Sense around in a Creative Room, or while staring at the computer with its Previews and Ubuntu

I am simply at a beach.

II. Another Venn Poem

I am in a room, with women who are opposite the house.

III. Venn Poems on All Spanish Poets and French Poets – which Den.

Den, a man who is abstract French person,

Or women’s man, like a lyricist of them.
